## Hardware environmental compliance

SMART Technologies supports global efforts to ensure that electronic equipment is manufactured, sold and disposed of in a safe and environmentally friendly manner.

### Waste Electrical and Electronic Equipment regulations (WEEE directive)

Electrical and electronic equipment and batteries contain substances that can be harmful to the environment and to human health. The crossed-out wheeled bin symbol indicates that products should be disposed of in the appropriate recycling stream and not as regular waste.

### Batteries

Contains 1 CR-2025 battery. Recycle or dispose of batteries properly.

### Perchlorate Material

Contains perchlorate material. Special handling may apply. See [dtsc.ca.gov/hazardouswaste/perchlorate](http://dtsc.ca.gov/hazardouswaste/perchlorate).
